the only sustainable advantage in our hypercompetitive marketplace is the ability to learn and adapt faster than everyone else companies that cling to management practices of a bygone era continue to fade away they desperately need managers who empower people to seek out learning at a moment's notice minds at work can help you be that manager this book captures the role managers play in the knowledge economy where uninhibited on demand

learning inspires employees to achieve higher levels of performance authors david grebow and stephen j gill describe how managers can move from a traditional command and control position to become advocates of communication and collaboration they share what happens when managers help their direct reports grow as people and use technology to pull the learning they need when they need it minds at work illustrates this shift to a learning community with success stories from forward looking companies with this better way to manage these companies have unearthed those aha moments as the dots connect after continuous problem solving trial and error and innovation each has redefined norms made knowledge sharing flat and created a workplace culture built to last use this book to embrace learning anytime anywhere nurture the minds at work and you ll win the hearts of your organization

mystery is afoot in the fascinating novel sometimes things work out but sometimes they don t donald powers a professor who teaches toxicology and becomes involved in poison cases uses his genius to get a degree in criminal justice and obtain a private detective license don becomes involved in the shooting down of a company aircraft that was destroyed to protect the leaders of a group of criminals money laundering and computer hacking of data is involved in their plot which takes don from washington d c to california in search of clues as don gathers the evidence to bring the group to trial he discovers that sometimes things work out but sometimes they don t

sawyer wakes up with an idea a good idea a great idea a get started right away idea he makes a sketch a model and gets out all his materials and woah what was that it gave him a new idea a big idea a colorful idea but when it isn t quite going the way he wants he grumps and sulks and wait what about that other project sawyer flits from one activity to another throughout the day new ideas hitting him like lightning there s a project from yesterday a costume for his furry sidekick and a book or twelve he was reading and before he knows it it s time for bed but he can t go to bed yet his idea isn t finished he didn t finish one thing today or did he a sweet and affirming story for any kid who finds it hard to focus on just one task and for the adults keeping up with them includes a note to readers with more information on supporting kids who struggle with attention

people typically misunderstand how power works in schools common thinking says that things like high stakes testing school reform efforts and political mandates exert the most power on schools the reality however is that power comes from everywhere it isn t a thing that only certain people possess nor does

it operate linearly as in simple actions and reactions instead power acts more like a web if you exert power in one part of a school the effects often spread across the rest of it the usual emphasis on big easy to see influences causes schools to focus on the wrong concerns the big public ones instead of the ones which make the most impact the small daily ones this book examines everyday phenomena inside schools to reveal the complexity and nuance of power and makes practical suggestions for how schools can manage power more effectively to maximize students learning

how emergent practices and developments in young people s digital media can result in technological innovation or lead to unintended learning experiences and unanticipated social encounters young people s use of digital media may result in various innovations and unexpected outcomes from the use of videogame technologies to create films to the effect of home digital media on family life this volume examines the core issues that arise when digital media use results in unintended learning experiences and unanticipated social encounters the contributors examine the complex mix of emergent practices and developments online and elsewhere that empower young users to function as drivers of technological change recognizing that these new technologies are embedded in larger social systems school family friends the chapters consider such topics as un equal access across economic racial and ethnic lines media panics and social anxieties policy and internet protocols media literacy citizenship vs consumption creativity and collaboration digital media and gender equity shifting notions of temporality and defining the public private divide contributors steve anderson anne balsamo justine cassell meg cramer robert a heverly paula k hooper sonia livingstone henry lowood robert samuels christian sandvig ellen seiter sarita yardi
